MSA CIRCUIT RACING CIRCULAR 2/2013

158753/144

## CODE OF CONDUCT FOR CIRCUIT RACING QUALIFYING SESSIONS

### DO

- Look behind you when leaving pit lane.
- Give way to competitors lapping quicker than you if you are not on a qualifying lap yourself.
- Stay off the racing line when lapping slowly and be aware of vehicles coming up behind you.
- Understand that the rules applicable to driving conduct during racing apply equally to qualifying.

### DON'T

- Weave from side to side on the track at any time other than when exiting the pits as part of the first group to take to the track after the session starts. Any such weaving to warm up tyres may only take place between the pit exit and the first corner after the pit exit.

**Note: Individual racing categories may elect to dispense with this allowance (and thereby prevent their competitors from weaving on the track at any time) should they wish to do so.**

- Do practice starts on the circuit while the qualifying session is in progress.
- Impede a fellow competitor on a 'hot' lap.
